ATTEMPTS SUICIDE.

Miss Nina Bruns Takes Half Ounce of Laudanum.

Miss Nina Bruns, the fifteen year old daughter of Mr. and Mrs. Martin Bruns, attempted to commit suicide about noon last Wednesday at her home at 804 Clay street, by taking over half an ounce of laudanum. No reason is given for her act except that she just wanted to die.

Miss Bruns was in her room when her mother called her to dinner, but she failed to answer and shortly after Mrs. Bruns went into the room to find the girl unconscious across the bed. A physician was summoned to the home. She walked about the house for four hours, during which time she remained in a stupor. When she recovered consciousness her first words were that she wanted to die and she further said that she would end her life at some other time. It is said that the girl had been melancholy for some time. Miss Bruns is an attractive young girl and well known in the city. —Owensboro Messenger.

Miss Bruns formerly lived here, having moved to Owensboro last spring.

Small Fire Caused

Much Excitement.

Quite a good deal of excitement was manifested Wednesday morning over the ringing of church bells and the vast amount of smoke which came from the direction of Mr. Jake May's. However on closer observation it was found to be the roof of a wash house, belonging to Mrs. Jane Gibson.

The fire originated from a defective flue. Very little damage was done.

Selling Equity Burley.

Cincinnati, Lexington, Maysville, Winchester and Louisville are competing for the sale of the pooled Burley tobacco of the 1906 crop. It is stated that the Society of Equity now controls 68,000,000 pounds of the crop, and that it is ready to be placed on the market. The plan of the Society is said to be to collect all the samples in one warehouse, where negotiations will be held for the sale.

It is stated that the Louisville Tobacco Warehouse Company has offered to furnish the Society, free, a well lighted warehouse, with facilities for displaying 75,000 or 100,000 samples, with sample chests and office rooms. A committee from the Louisville House will go to Winchester next Monday to present its claims to the Executive Committee, which meets that day in Winchester.

Meade County Romance.

Mr. J. R. Troutman and Miss Laura H. Etherton, of Meade county, were married in the Clerk's office in this city by squire Bruner at an early hour Wednesday night. They were accompanied by Mr. and Mrs. T. H. Chism, of Cloverport, the latter being the sister of Mr. Troutman. The wedding seemed to have been against the wishes of the father and brother of the bride, who followed the couple as far as Cannelton in an effort to prevent its consummation, and where a refusal to grant the necessary license was met. They then came to Hawesville where the clerk found no legal obstacle in the way of the usual, and the ceremony followed. While here all parties appeared under much anxiety lest the pursuers would turn at any moment and frustrate the nuptial plans, but the ceremony was soon said and there was no further molestation. All of the parties seem to be first-class citizens. —Hancock Clarion.

Encouraging Price For Tobacco.

Mr. J. E. Minnett was notified yesterday by officials of the Louisville Warehouse Co., that a sale of fifty-five hogheads of pooled Hancock county tobacco of the year 1905 had been made for the magnificent price of \$11.00 per hundred. This was the price asked by the poolers, and the result is very pleasing to all concerned. This is encouraging in the tobacco fight, and should be a stimulus to those hesitating ones to quickly sign the 1907 pooling pledges. —Hancock Clarion.

Fenley Mines Suspends.

Fenley coal mines, situated three miles back of Lewisport, this county, suspended operations on September 30, and the little force that is necessary to do so is engaged in "cleaning up" preparatory to abandoning the place by its operators. This action was taken because of the fact that the railway track on the spur out from Lewisport was in a bad condition, and to improve it would cost more than the mine operators thought they could afford to put into the venture.

Messrs. E. G. Gregory and Thomas Blackmore, who have been in charge of the property for some time, will leave, the latter going probably to Pineville. The property is owned by the Auburn Ash Coal Co., a corporation composed of Louisville business people, and while they are not identical with those back of the "Henderson Route," it is known that strong personal and friendly relations exist between them.

The Messrs. Miller, of Owensboro, it will be remembered, had a lease on this property and ran it until some time ago, when it was given up as a venture that was not financially successful. However, most of the output from the mines has been consumed by the "Henderson Route," and in this way the mines have been operated longer than they probably would have been otherwise. —Hancock Clarion.

Mr. Miller and son, Hewitt, of Owensboro, were here Saturday the guests of Mr. D. S. Miller.
